## 2. Summary of significant accounting policies

**I) Preparation framework of the financial information**

This interim financial information covers the six month period ended June 30th, 2010 and has been prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting".

The accounting policies used in the preparation and presentation of this interim financial information are the same as the accounting policies that were used by the Company and the Group for the preparation of the annual financial statements for the year ended December 31st, 2009.

The interim financial information must be considered in conjunction with the annual financial statements for the year ended December 31st, 2009, which are available on the Group's web site at the address ***www.quest.gr***.

This interim financial information has been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets.

The preparation of the financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires Management to exercise judgement in the process of applying the Company's accounting policies. Moreover, it requires the use of estimates and judgments that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of preparation of interim financial information and the reported income and expense amounts during the reporting period. Although these estimates and judgments are based on the best possible knowledge of Management with respect to the current conditions and activities, the actual results can eventually differ from these estimates.

Differences between amounts presented in the financial statements and corresponding amounts in the notes results from rounding differences.

**II) New standards, amendments to standards and interpretations**

Certain new standards, amendments to standards and interpretations have been issued that are mandatory for periods beginning during the current reporting period and subsequent reporting periods. The Group's evaluation of the effect of these new standards, amendments to standards and interpretations is as follows:

<u>Standards and Interpretations effective for the current financial period / year</u>

**IFRS 3 (Revised) "Business Combinations" and IAS 27 (Amended) "Consolidated and Separate Financial Statements"**

The revised IFRS 3 introduces a number of changes in the accounting for business combinations which will impact the amount of goodwill recognized, the reported results in the period that an acquisition occurs, and future reported results. Such changes include the expensing of acquisition-related costs and recognizing subsequent changes in fair value of contingent consideration in the profit or loss. The amended IAS 27 requires that a change in ownership interest of a subsidiary to be accounted for as an equity transaction. The amended standard changes the accounting for losses incurred by the subsidiary as well as the loss of control of a subsidiary. Furthermore the acquirer in a business combination has the option of measuring the non-controlling interest, at the acquisition date, either at fair value or at the amount of the percentage of the non-controling interest over the net assets acquired. The Group has applied the revised and amended standards from 1 January 2010.

**IFRS 1 (Amendment) "First-time adoption of International Financial Reporting Standards" – additional exemptions**

This amendment provides additional clarifications for first-time adopters of IFRSs in respect of the use of deemed cost for oil and gas assets, the determination of whether an arrangement contains a lease and the decommissioning liabilities included in the cost of property, plant and equipment. This amendment does not have an impact on the Group's financial statements since it has already adopted IFRSs.

**IFRS 2 (Amendment) "Share-based Payment"**

The purpose of the amendment is to clarify the scope of IFRS 2 and the accounting for group cash-settled share-based payment transactions in the separate or individual financial statements of the entity receiving the goods or services, when that entity has no obligation to settle the share-based payment transaction. This amendment does not have an impact on the Group's financial statements.

**IAS 39 (Amendment) "Financial Instruments: Recognition and Measurement"**

This amendment clarifies how the principles that determine whether a hedged risk or portion of cash flows is eligible for designation should be applied in particular situations. This amendment is not applicable to the Group as it does not apply hedge accounting in terms of IAS 39.

**IFRIC 12 – Service Concession Arrangements** (EU endorsed for periods beginning on or after 30 March 2009)

This interpretation applies to companies that participate in service concession arrangements. This interpretation is not relevant to the Group's operations.

**IFRIC 15 - Agreements for the construction of real estate** (EU endorsed for use from 1 January 2010)

This interpretation addresses the diversity in accounting for real estate sales. Some entities recognise revenue in accordance with IAS 18 (i.e. when the risks and rewards in the real estate are transferred) and others recognise revenue as the real estate is developed in accordance with IAS 11. The interpretation clarifies which standard should be applied to particular. This interpretation is not relevant to the Group's operations.

**IFRIC 16 - Hedges of a net investment in a foreign operation** (EU endorsed for use from 1 July 2009)

This interpretation applies to an entity that hedges the foreign currency risk arising from its net investments in foreign operations and qualifies for hedge accounting in accordance with IAS 39. The interpretation provides guidance on how an entity should determine the amounts to be reclassified from equity to profit or loss for both the hedging instrument and the hedged item. This interpretation is not relevant to the Group, as the Group does not apply hedge accounting for any investment in a foreign operation.

**IFRIC 17 "Distributions of non-cash assets to owners"**

This interpretation provides guidance on accounting for the following types of non-reciprocal distributions of assets by an entity to its owners acting in their capacity as owners: (a) distributions of non-cash assets and (b) distributions that give owners a choice of receiving either non-cash assets or a cash alternative. This interpretation does not have an impact on the Group's financial statements.

**IFRIC 18 "Transfers of assets from customers"** (EU-endorsed for use annual periods beginning on or after 31 October 2009)

This interpretation clarifies the requirements of IFRSs for agreements in which an entity receives from a customer an item of property, plant and equipment that the entity must then use to provide the customer with an ongoing supply of goods or services. In some cases, the entity receives cash from a customer which must be used only to acquire or construct the item of property, plant and equipment. This interpretation is not relevant to the Group.

Amendments to standards that form part of the IASB's 2009 annual improvements project

The amendments set out below describe the key changes to IFRSs following the publication in July 2009 of the results of the IASB's annual improvements project. The following amendments are effective for the current financial period / year. In addition, unless otherwise stated, the following amendments do not have a material impact on the Group's financial statements.

**IFRS 2 "Share-Based payment"**

The amendment confirms that contributions of a business on formation of a joint venture and common control transactions are excluded from the scope of IFRS 2.

**IFRS 5 " Non-current Assets Held for Sale and Discontinued Operations"**

The amendment clarifies disclosures required in respect of non-current assets classified as held for sale or discontinued operations.

**IFRS 8 "Operating Segments"**

The amendment provides clarifications on the disclosure of information about segment assets.

**IAS 1 "Presentation of Financial Statements"**

The amendment provides clarification that the potential settlement of a liability by the issue of equity is not relevant to its classification as current or non-current.

**IAS 7 "Statement of Cash Flows"**

The amendment requires that only expenditures that result in a recognized asset in the statement of financial position can be classified as investing activities.

**IAS 17 "Leases"**

The amendment provides clarification as to the classification of leases of land and buildings as either finance or operating.

**IAS 18 "Revenue"**

The amendment provides additional guidance regarding the determination as to whether an entity is acting as a principal or an agent.

**IAS 36 "Impairment of Assets"**

The amendment clarifies that the largest cash-generating unit to which goodwill should be allocated for the purposes of impairment testing is an operating segment as defined by paragraph 5 of IFRS 8 (that is before the aggregation of segments).

**IAS 38 "Intangible Assets"**

The amendments clarify (a) the requirements under IFRS 3 (revised) regarding accounting for intangible assets acquired in a business combination and (b) the description of valuation techniques commonly used by entities when measuring the fair value of intangible assets acquired in a business combination that are not traded in active markets.

**IAS 39 "Financial Instruments: Recognition and Measurement"**

The amendments relate to (a) clarification on treating loan pre-payment penalties as closely related derivatives, (b) the scope exemption for business combination contracts and (c) clarification that gains or losses on cash flow hedge of a forecast transaction should be reclassified from equity to profit or loss in the period in which the hedged forecast cash flow affects profit or loss.

**IFRIC 9 "Reassessment of Embedded Derivatives"**

**IFRIC 16 "Hedges of a Net Investment in a Foreign Operation"**

The amendment states that, in a hedge of a net investment in a foreign operation, qualifying hedging instruments may be held by any entity within the group, including the foreign operation itself, as long as certain requirements are satisfied.

Standards and Interpretations effective from 1 January 2011

**IFRS 9 "Financial Instruments"** (effective for annual periods beginning on or after 1 January 2013)

IFRS 9 is the first part of Phase 1 of the Board's project to replace IAS 39. The IASB intends to expand IFRS 9 during 2010 to add new requirements for classifying and measuring financial liabilities, derecognition of financial instruments, impairment, and hedge accounting. IFRS 9 states that financial assets are initially measured at fair value plus, in the case of a financial asset not at fair value through profit or loss, particular transaction costs. Subsequently financial assets are measured at amortised cost or fair value and depend on the basis of the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. IFRS 9 prohibits reclassifications except in rare circumstances when the entity's business model changes;

in this case, the entity is required to reclassify affected financial assets prospectively. IFRS 9 classification principles indicate that all equity investments should be measured at fair value. However, management has an option to present in other comprehensive income unrealised and realised fair value gains and losses on equity investments that are not held for trading. Such designation is available on initial recognition on an instrument-by-instrument basis and is irrevocable. There is no subsequent recycling of fair value gains and losses to profit or loss; however, dividends from such investments will continue to be recognised in profit or loss. IFRS 9 removes the cost exemption for unquoted equities and derivatives on unquoted equities but provides guidance on when cost may be an appropriate estimate of fair value. The Group is currently investigating the impact of IFRS 9 on its financial statements. The Group cannot currently early adopt IFRS 9 as it has not been endorsed by the EU. Only once approved will the Group decide if IFRS 9 will be adopted prior to 1 January 2013.

**IAS 24 (Amendment) "Related Party Disclosures"** (effective for annual periods beginning on or after 1 January 2011)

This amendment attempts to relax disclosures of transactions between government-related entities and clarify related-party definition. More specifically, it removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities, clarifies and simplifies the definition of a related party and requires the disclosure not only of the relationships, transactions and outstanding balances between related parties, but of commitments as well in both the consolidated and the individual financial statements. The Group will apply these changes from their effective date. This amendment has not yet been endorsed by the EU.

**IAS 32 (Amendment) "Financial Instruments: Presentation"** (effective for annual periods beginning on or after 1 February 2010)

This amendment clarifies how certain rights issues should be classified. In particular, based on this amendment, rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency are equity instruments if the entity offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non-derivative equity instruments. This amendment is not expected to impact the Group's financial statements.

**IFRS 1 (Amendment) "First-time adoption of International Financial Reporting Standards" – financial instrument disclosures** (effective for annual periods beginning on or after 1 July 2010)

This amendment provides first-time adopters with the same transition provisions as included in the amendment to IFRS 7 regarding comparative information for the new three-level fair value classification disclosures. This amendment will not impact the Group's financial statements since it has already adopted IFRSs.

**IFRIC 19 "Extinguishing Financial Liabilities with Equity Instruments"** (effective for annual periods beginning on or after 1 July 2010)

This interpretation addresses the accounting by the entity that issues equity instruments to a creditor in order to settle, in full or in part, a financial liability. This interpretation is not relevant to the Group. This amendment has not yet been endorsed by the EU.

**IFRIC 14 (Amendment) "The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction"** (effective for annual periods beginning on or after 1 January 2011)

The amendments apply in limited circumstances: when an entity is subject to minimum funding requirements and makes an early payment of contributions to cover those requirements. The amendments permit such an entity to treat the benefit of such an early payment as an asset. This interpretation is not relevant to the Group. This amendment has not yet been endorsed by the EU.

Amendments to standards that form part of the IASB's 2010 annual improvements project

The amendments set out below describe the key changes to IFRSs following the publication in May 2010 of the results of the IASB's annual improvements project. Unless otherwise stated the following amendments are effective for annual periods beginning on or after 1 January 2011. In addition, unless otherwise stated, the following amendments will not have a material impact on the Group's financial statements.

**IFRS 1 "First-time adoption of International Financial Reporting Standards"**

The amendments relate to: (i) additional disclosure requirements if an entity changes its accounting policies or its use of IFRS 1 exemptions after it has published a set of IAS 34 interim financial information; (ii) exemptions when the revaluation basis is used for the purposes of 'deemed cost'; and (iii) exemptions for entities that are subject to rate regulation to use previous GAAP carrying amounts for property, plant and equipment or intangible assets as 'deemed cost'.

**IFRS 3 "Business Combinations"**

The amendments provide additional guidance with respect to: (i) contingent consideration arrangements arising from business combinations with acquisition dates preceding the application of IFRS 3 (2008); (ii) measuring non-controlling interests; and (iii) accounting for share-based payment transactions that are part of a business combination, including un-replaced and voluntarily replaced share-based payment awards.

**IFRS 7 "Financial Instruments: Disclosures"**

The amendments include multiple clarifications related to the disclosure of financial instruments.

**IAS 1 “Presentation of Financial Statements”**

The amendment clarifies that entities may present an analysis of the components of other comprehensive income either in the statement of changes in equity or within the notes.

**IAS 27 “Consolidated and Separate Financial Statements”**

The amendment clarifies that the consequential amendments to IAS 21, IAS 28 and IAS 31 resulting from the 2008 revisions to IAS 27 are to be applied prospectively.

**IAS 34 “Interim Financial Reporting”**

The amendment places greater emphasis on the disclosure principles that should be applied with respect to significant events and transactions, including changes to fair value measurements, and the need to update relevant information from the most recent annual report.

**IFRIC 13 “Customer Loyalty Programmes”**

The amendment clarifies the meaning of the term ‘fair value’ in the context of measuring award credits under customer loyalty programmes.

## 3. Critical accounting estimates and judgments

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

### i) Critical accounting estimates and judgements

The Group makes estimates and judgements concerning the future. The estimates and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next 12 months concern income tax.

Judgement is required by the Group in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

### ii) Critical Management judgments made in applying the entity’s accounting policies

There are no areas that required management judgments in applying the Group’s accounting policies.

In 2007 the management decided not to construct the mentioned offices. Thus, this land is owned for long term investment other than short term disposal, based on the requirements of I.F.R.S. 40 «Investment Properties» and was transferred from Property, plant and equipment to Investment Properties.

The increase in the "Investments in subsidiaries" of euro 3.874 thousand, during 1st semester 2010 is related to:

1. The share capital increase of euro 6.200 thousand of Quest Energy S.A. (55% subsidiary). The above mentioned was decided on 25 January 2010 during the Extraordinary General Assembly of Quest Energy. The increase has been covered at the current shareholders' interest held.
2. The acquisition of Rainbow's S.A. subsidiaries, Rainbow Services S.A. and iStorm Ltd with a total amount of euro 465 thousand.

During 2009, the decrease in "Investments in subsidiaries" is a result of the decrease of the share capital of the subsidiary company Unisystems S.A. amounting to euro 22.326 thousand, with a cash return to the Company. The above mentioned decrease was decided during the Shareholder's Regular General Assembly held on June 16th 2009 and is analyzed as follows:

## 18. Income tax

The income tax of the Company and the Group on 30th of June 2010 and 2009 is presented bellow:

| | GROUP | | COMPANY | |
|---|---|---|---|---|
| | **1/1/2010 to 30/06/2010** | **1/1/2009 to 30/06/2009** | **1/1/2010 to 30/06/2010** | **1/1/2009 to 30/06/2009** |
| Current tax | (6.431) | (944) | - | - |
| Deferred tax | 2.876 | 955 | (159) | 147 |
| **Total** | **(3.555)** | **11** | **(159)** | **147** |

The accumulative provision of unaudited years of the Company and the Group as of 30th of June 2010 and 31st of December 2009 is as following:

| | GROUP | | COMPANY | |
|---|---|---|---|---|
| | **30/6/2010** | **31/12/2009** | **30/6/2010** | **31/12/2009** |
| Provision for unaudited years | 1.340 | 1.143 | - | - |

The Company has not made a provision for tax unaudited years because for the unaudited years 2008 and 2009 as well as for the period ended 30th June 2010, the Company has tax losses and possible differences which may arise from the tax audit will reduce the tax losses with no effect on profit or loss.

Current income tax, for the Company and the domestic subsidiaries, has been calculated using the tax rate of the year 2010, 24% (2009, 25%). Concerning the abroad subsidiaries, in order for the current tax expense to be calculated, domestic tax rates have been used. Tax over profit before taxes of the Company differs to the theoretical amount which would arise in case of using the weighted average tax rate of the company's' Country of origin.

In the tax charge of the Group is included the «Extraordinary Social Contribution Tax» for the earnings of fiscal year 2010 , which was imposed according to Law 3845/2010 and amounts to euro 1,2 million, whereas, as far as the Company is concerned, not such an obligation has arisen. The above mentioned tax is recorded as current tax in the second quarter 2010.

*(Amounts presented in thousand Euro except otherwise stated)*

In addition, for the calculation of deferred income tax it has been taken into account, when this is necessary, the gradual change in the tax rates from the year 2010 (24%) to the year 2014 (20%).
