2. Structure of the Group

The structure of the Quest Holdings group is presented as follows:

3. Summary of significant accounting policies

I) Preparation framework of the financial information

This interim financial information covers the six month period ended September 30st, 2011 and has been prepared in accordance with International Accounting Standard (“IAS”) 34 “Interim Financial Reporting”.

The accounting policies used in the preparation and presentation of this interim financial information are the same as the accounting policies that were used by the Company and the Group for the preparation of the annual financial statements for the year ended December 31st, 2010.

The interim financial information must be considered in conjunction with the annual financial statements for the year ended December 31st, 2010, which are available on the Group’s web site at the address www.quest.gr.

This interim financial information has been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets.

The preparation of the financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires Management to exercise judgement in the process of applying the Company’s accounting policies. Moreover, it requires the use of estimates and judgments that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of preparation of interim financial information and the reported income and expense amounts during the reporting period. Although these estimates and judgments are based on the best possible knowledge of Management with respect to the current conditions and activities, the actual results can eventually differ from these estimates.

Differences between amounts presented in the financial statements and corresponding amounts in the notes results from rounding differences.

II) New standards, amendments to standards and interpretations:

Certain new standards, amendments to standards and interpretations have been issued that are mandatory for periods beginning during the current financial year and subsequent years. The Group’s evaluation of the effect of these new standards, amendments to standards and interpretations is as follows:

Standards and Interpretations effective for the current financial year

IAS 24 (Revised) “Related Party Disclosures”

This amendment attempts to reduce disclosures of transactions between government-related entities and clarify related-party definition. More specifically, it removes the requirement for government-related entities to disclose details of all transactions with the government and other government-related entities, clarifies and simplifies the definition of a related party and requires the disclosure not only of the relationships, transactions and outstanding balances between related parties, but of commitments as well in both the consolidated and the individual financial statements. This revision does not affect the Group’s financial statements.

IAS 32 (Amendment) “Financial Instruments: Presentation”

This amendment clarifies how certain rights issues should be classified. In particular, based on this amendment, rights, options or warrants to acquire a fixed number of the entity’s own equity instruments for a fixed amount of any currency are equity instruments if the entity offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non-derivative equity instruments. This amendment is not relevant to the Group.

IFRIC 19 “Extinguishing Financial Liabilities with Equity Instruments”

This interpretation addresses the accounting by the entity that issues equity instruments to a creditor in order to settle, in full or in part, a financial liability. This interpretation is not relevant to the Group.

IFRIC 14 (Amendment) “The Limit on a Defined Benefit Asset, Minimum Funding Requirements and their Interaction”

The amendments apply in limited circumstances: when an entity is subject to minimum funding requirements and makes an early payment of contributions to cover those requirements. The amendments permit such an entity to treat the benefit of such an early payment as an asset. This interpretation is not relevant to the Group.

Amendments to standards that form part of the IASB's 2010 annual improvements project

The amendments set out below describe the key changes to IFRSs following the publication in May 2010 of the results of the IASB's annual improvements project. Unless otherwise stated the following amendments do not have a material impact on the Group's financial statements.

IFRS 3 "Business Combinations"

The amendments provide additional guidance with respect to: (i) contingent consideration arrangements arising from business combinations with acquisition dates preceding the application of IFRS 3 (2008); (ii) measuring non-controlling interests; and (iii) accounting for share-based payment transactions that are part of a business combination, including un-replaced and voluntarily replaced share-based payment awards.

IFRS 7 "Financial Instruments: Disclosures"

The amendments include multiple clarifications related to the disclosure of financial instruments.

IAS 1 "Presentation of Financial Statements"

The amendment clarifies that entities may present an analysis of the components of other comprehensive income either in the statement of changes in equity or within the notes.

IAS 27 "Consolidated and Separate Financial Statements"

The amendment clarifies that the consequential amendments to IAS 21, IAS 28 and IAS 31 resulting from the 2008 revisions to IAS 27 are to be applied prospectively.

IAS 34 "Interim Financial Reporting"

The amendment places greater emphasis on the disclosure principles that should be applied with respect to significant events and transactions, including changes to fair value measurements, and the need to update relevant information from the most recent annual report.

IFRIC 13 “Customer Loyalty Programmes”

The amendment clarifies the meaning of the term ‘fair value’ in the context of measuring award credits under customer loyalty programmes.

Standards and Interpretations effective from periods beginning on or after 1 January 2012

IFRS 7 (Amendment) “Financial Instruments: Disclosures” – transfers of financial assets (effective for annual periods beginning on or after 1 July 2011)

This amendment sets out disclosure requirements for transferred financial assets not derecognised in their entirety as well as on transferred financial assets derecognised in their entirety but in which the reporting entity has continuing involvement. It also provides guidance on applying the disclosure requirements. This amendment has not yet been endorsed by the EU.

IAS 12 (Amendment) “Income Taxes” (effective for annual periods beginning on or after 1 January 2012)

The amendment to IAS 12 provides a practical approach for measuring deferred tax liabilities and deferred tax assets when investment property is measured using the fair value model in IAS 40 “Investment Property”. This amendment has not yet been endorsed by the EU.

IAS 1 (Amendment) “Presentation of Financial Statements” (effective for annual periods beginning on or after 1 July 2012)

The amendment requires entities to separate items presented in other comprehensive income into two groups, based on whether or not they may be recycled to profit or loss in the future. This amendment has not yet been endorsed by the EU.

IAS 19 (Amendment) “Employee Benefits” (effective for annual periods beginning on or after 1 January 2013)

This amendment makes significant changes to the recognition and measurement of defined benefit pension expense and termination benefits (eliminates the corridor approach) and to the disclosures for all employee benefits. The key changes relate mainly to recognition of actuarial

gains and losses, recognition of past service cost / curtailment, measurement of pension expense, disclosure requirements, treatment of expenses and taxes relating to employee benefit plans and distinction between “short-term” and “other long-term” benefits. This amendment has not yet been endorsed by the EU.

IFRS 9 “Financial Instruments” (effective for annual periods beginning on or after 1 January 2013)

IFRS 9 is the first Phase of the Board’s project to replace IAS 39 and deals with the classification and measurement of financial assets and financial liabilities. The IASB intends to expand IFRS 9 in subsequent phases in order to add new requirements for impairment and hedge accounting. The Group is currently investigating the impact of IFRS 9 on its financial statements. The Group cannot currently early adopt IFRS 9 as it has not been endorsed by the EU. Only once approved will the Group decide if IFRS 9 will be adopted prior to 1 January 2013.

IFRS 13 “Fair Value Measurement” (Effective for annual periods beginning on or after 1 January 2013)

IFRS 13 provides new guidance on fair value measurement and disclosure requirements. These requirements do not extend the use of fair value accounting but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs. IFRS 13 provides a precise definition of fair value and a single source of fair value measurement and disclosure requirements for use across IFRSs. Disclosure requirements are enhanced and apply to all assets and liabilities measured at fair value, not just financial ones. This standard has not yet been endorsed by the EU.

IFRIC 20 “Stripping costs in the production phase of a surface mine” (Effective for annual periods beginning on or after 1 January 2013)

This interpretation sets out the accounting for overburden waste removal (stripping) costs in the production phase of a mine. The interpretation may require mining entities to write off existing stripping assets to opening retained earnings if the assets cannot be attributed to an identifiable component of an ore body. IFRIC 20 applies only to stripping costs that are incurred in surface mining activity during the production phase of the mine, while it does not address underground mining activity or oil and natural gas activity. This interpretation has not yet been endorsed by the EU.

**Group of standards on consolidation and joint arrangements (effective for annual periods
beginning on or after 1 January 2013)**

The IASB has published five new standards on consolidation and joint arrangements: IFRS 10, IFRS 11, IFRS 12, IAS 27 (amendment) and IAS 28 (amendment). These standards are effective for annual periods beginning on or after 1 January 2013. Earlier application is permitted only if the entire “package” of five standards is adopted at the same time. These standards have not yet been endorsed by the EU. The Group is in the process of assessing the impact of the new standards on its consolidated financial statements. The main provisions are as follows:

IFRS 10 “Consolidated Financial Statements”

IFRS 10 replaces all of the guidance on control and consolidation in IAS 27 and SIC 12. The new standard changes the definition of control for the purpose of determining which entities should be consolidated. This definition is supported by extensive application guidance that addresses the different ways in which a reporting entity (investor) might control another entity (investee). The revised definition of control focuses on the need to have both power (the current ability to direct the activities that significantly influence returns) and variable returns (can be positive, negative or both) before control is present. The new standard also includes guidance on participating and protective rights, as well as on agency/ principal relationships.

IFRS 11 “Joint Arrangements”

IFRS 11 provides for a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement, rather than its legal form. The types of joint arrangements are reduced to two: joint operations and joint ventures. Proportional consolidation of joint ventures is no longer allowed. Equity accounting is mandatory for participants in joint ventures. Entities that participate in joint operations will follow accounting much like that for joint assets or joint operations today. The standard also provides guidance for parties that participate in joint arrangements but do not have joint control.

IFRS 12 “Disclosure of Interests in Other Entities”

IFRS 12 requires entities to disclose information, including significant judgments and assumptions, which enable users of financial statements to evaluate the nature, risks and financial effects associated with the entity’s interests in subsidiaries, associates, joint

arrangements and unconsolidated structured entities. An entity can provide any or all of the above disclosures without having to apply IFRS 12 in its entirety, or IFRS 10 or 11, or the amended IAS 27 or 28.

IAS 27 (Amendment) “Separate Financial Statements”

This Standard is issued concurrently with IFRS 10 and together, the two IFRSs supersede IAS 27 “Consolidated and Separate Financial Statements”. The amended IAS 27 prescribes the accounting and disclosure requirements for investment in subsidiaries, joint ventures and associates when an entity prepares separate financial statements. At the same time, the Board relocated to IAS 27 requirements from IAS 28 “Investments in Associates” and IAS 31 “Interests in Joint Ventures” regarding separate financial statements.

IAS 28 (Amendment) “Investments in Associates and Joint Ventures”

IAS 28 “Investments in Associates and Joint Ventures” replaces IAS 28 “Investments in Associates”. The objective of this Standard is to prescribe the accounting for investments in associates and to set out the requirements for the application of the equity method when accounting for investments in associates and joint ventures, following the issue of IFRS 11.

4. Critical accounting estimates and judgments

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and judgements

The Group makes estimates and judgements concerning the future. The estimates and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next 12 months concern income tax.

Judgement is required by the Group in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Critical management estimates in applying the entity's accounting policies

There are no areas that require management estimates in applying the Group's accounting policies.

5. Segment information

Primary reporting format – business segments

The Group is organised into four business segments:

- (1) Information Technology solutions and equipment

The above amount of € 8.198 thousand concerns the value of the subsidiary's company's "UNISYSTEMS S.A." land, in Athens, which had been acquired in 2006 with initial plan the construction of its offices. In 2007 the management decided not to construct the mentioned offices. Thus, this land is owned for long term investment other than short term disposal, based on the requirements of I.F.R.S. 40 «Investment Properties» and was transferred from Property, plant and equipment to Investment Properties. The value presented in the financial statements has been adjusted due to the allocation of the acquisitions' price of the above mentioned subsidiary.

In addition to the above subsidiaries, the Group consolidated financial statements also include the indirect investments as they are presented below:

- The 100% held subsidiary of “ACS S.A.”, “ACS Courier SH.pk.”, which is established in Albania.
- The subsidiaries of “Quest Energy S.A.”: “Amalia Wind Farm of Viotia S.A.” (94.87% subsidiary), “Megalo Plai Wind Farm of Viotia S.A.” (94.87% subsidiary), “ALPENER S.A.” (90% subsidiary), “Quest Solar S.A.” (100% subsidiary), “Quest Aioliki Livadiou Larisas Ltd” (98.67% subsidiary), “Quest Aioliki Servion Kozanis Ltd” (98.67% subsidiary), “Quest Aioliki Distomou Megalo Plai Ltd” (98.67% subsidiary), «Quest Solar Almirou ltd» (98,67 subsidiary), «Quest Solar Viotias ltd» (98,67 subsidiary), “Quest Aioliki Sidirokastrou Hortero Ltd” (98.67% subsidiary) and «Ischis Macedonia S.A.» (51% subsidiary).
- The subsidiaries of “Unisystems Cyprus Ltd”: “Unisystems information technology systems SLR”, which is established and operates in Romania (100% subsidiary) and “Unisystems Bulgaria Ltd” which is established and operates in Bulgaria (100% subsidiary).
- The “Unisystems S.A” subsidiary, “Unisystems Belgium S.A.” (99,84% subsidiary) and «FAST Hellas S.A.» (100% subsidiary).

All the subsidiaries (direct & indirect) of the Company as well as the method of their consolidation are also mentioned in Note 23 (Periods unaudited by the tax authorities).

After the capital increase of “Quest Energy S.A.” the indirect investment of the Company in “ALPENER S.A.” amounts to 49.5%. Due to the fact that the Company has the full control and holds 55% of the share capital of “Quest Energy S.A” of which “ALPENER S.A.” is a subsidiary, the Company fully consolidated “ALPENER S.A.”.

On September 15th, 2011, the Board of Directors of the company Unisystems S.A. decided the absorption of its subsidiary company under the name «Fast Hellas S.A.» in accordance with article 78 of law 2190/20 & article 1-5 of law 2166/93 with balance sheet cut off date on September 30th, 2011.

- **Conclusion of the spin – off of Company’s business unit “Distribution and Technical Support of Information Technology and Telecommunications Products and Services”**

In order to better organize the activities of Quest Group and to maximize the efficient use of existing resources and functions, Quest Group Management and the Extraordinary General Assembly of 17th January 2011, decided the spin-off of its business unit "Distribution and Technical Support of Information Technology and Telecommunication Products and Services" and its contribution to its 100% subsidiary under the title «INFO QUEST TECHNOLOGIES SA - Commercial and Industrial Company of IT and Telecommunications’ Products and Services”. The above decision has been approved by the relevant decision of the Extraordinary General Assembly on 17th January 2011.

By this spin-off, as from 1st February 2011, the business unit is completely distinct, self-governed and flexible and the mother company “Info-Quest S.A.” has been transformed into a holding company (QUEST Holdings S.A.) and limited its activities to participating in other companies and real estate as well as providing consultancy and administration support services to its affiliated companies.

Info Quest Technologies S.A. continues, as its successor, the commercial activities of Info-Quest S.A., with the same dynamic, merits, philosophy and dedication to the better service of the client.

Finally, it is stated that the spin-off of the above mentioned business unit and its contribution to “INFO QUEST TECHNOLOGIES SA” had no effect in Group’s financial position, since the financial results of this business unit are included in the consolidated financial statements of the Company.

Bond Loans

iSquare S.A.

On October 1st, 2009, the 100% subsidiary company iSquare A.E. signed with Alpha Bank a contract concerning a 5 years bond loan edition of euro 11.000.000 in order to refinance its intermediate financing, by the same bank, of the acquisition of the total amount of Rainbow's S.A. shares. To ensure this loan the Company is the loan guarantor. The interest rate is Euribor plus a 2,75% margin. Loan repayment will take place in 9 installments. The 8 first installments represent the 60% of the total loan whereas the last installment will be paid at the expiry loan date in order to the 40% of the remaining loan amount to be redeemed. The first installment has to be paid on October 15th, 2010.

The Company has to keep a satisfactory capital adequacy, profitability and liquidity, as these are determined by the following financial indicators:

- (1) Total Borrowings minus Cash & Cash equivalents over EBITDA has to be reserved for 2009 less than 6,00, for 2010 less than 5,75, for 2011 less than 5,25, for 2012 less than 4,00, and for the remaining duration of the Bond Loan and up to its total repayment, less than 3,75.
- (2) EBITDA over Finance Expense minus Financial Income has to be throughout the Bond Loan greater to 2,00.
- (3) Total Borrowings minus Cash & Cash equivalents to Total equity has to be throughout the Bond Loan less to 0,50.

The measurement of the above mentioned financial indicators takes place every 6 months on the consolidated and audited financial statements of the Group. It is noted that the companies which are going to activate in the production of electric power are not taken into account in the consolidated financial statements.

At every evaluation period, the Group, keeping its contractual commitment, was qualifying these indicators.

Other	36.194	41.663	-	-
	72.942	88.342	98.826	28.565

In addition to the above, the following specific issues should be noted:

(a) In accordance with the resolutions of the Shareholders Extraordinary General Assembly held on December 30th, 2008 of the company “UNITEL S.A.”, this company is placed into liquidation, because according to the management’s plans the reason why this company was established does not exist any more.

(b) The tax obligations of the Group are not final since there are prior periods which have not been inspected by the tax authorities. Note 23 presents the last periods inspected by the tax authorities for each company in the Group.

Furthermore, there are various legal cases against companies of the Group for which the Management estimates that no additional material liabilities will arise.

17. Guarantees

The borrowings of the subsidiaries are secured by guarantees given by the Company. There are no mortgages over the Group’s and Company’s land and buildings.

18. Commitments
